abila elevate™

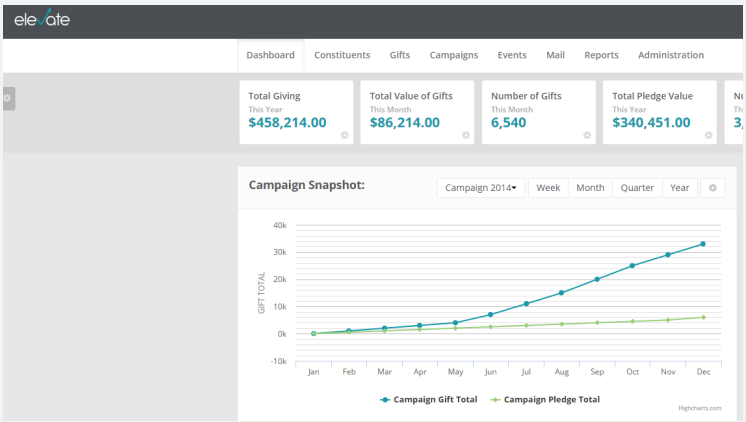
A LOOK INSIDE ABILA ELEVATE™

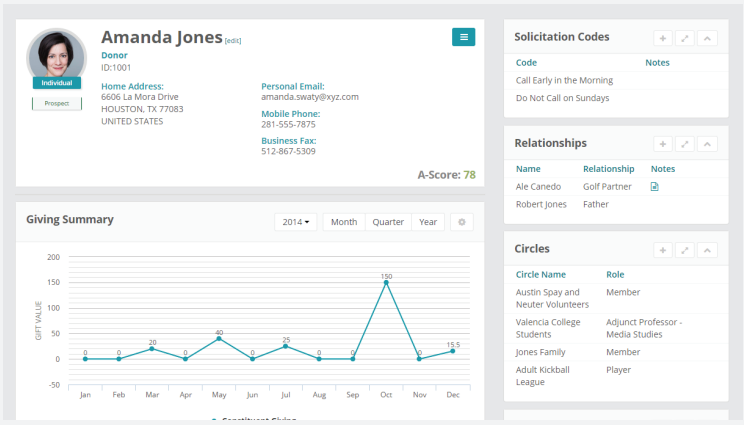
Abila Elevate™ is easy to learn, easy to use, and highly customizable, so fundraisers spend less time wrangling with outdated systems, and more time nurturing donor relationships, raising money, and achieving their mission.

Take a look inside Elevate, Abila's smart software for the modern fundraiser.

DASHBOARD

Elevate's dashboard truly elevates what matters to you, empowering you to treat every donor like a major donor™. It gives you an overview of your organization's performance, snapshots of campaigns, key details about donors, and much more. And, the dashboard can be easily customized to meet your unique needs. This quick access to information enables you to make informed decisions in record time.





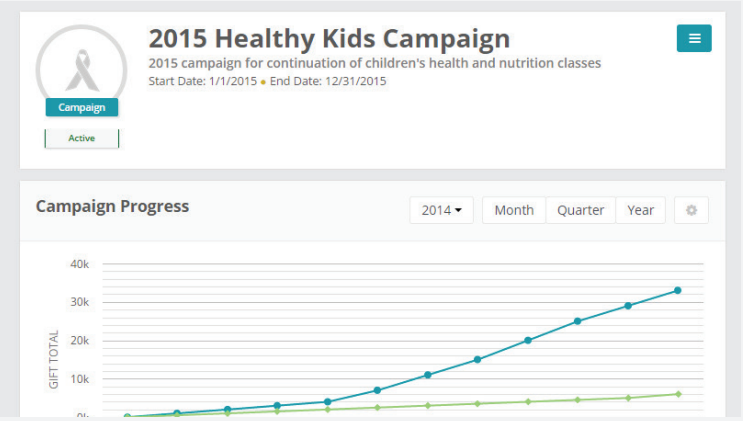
CONSTITUENT RECORD

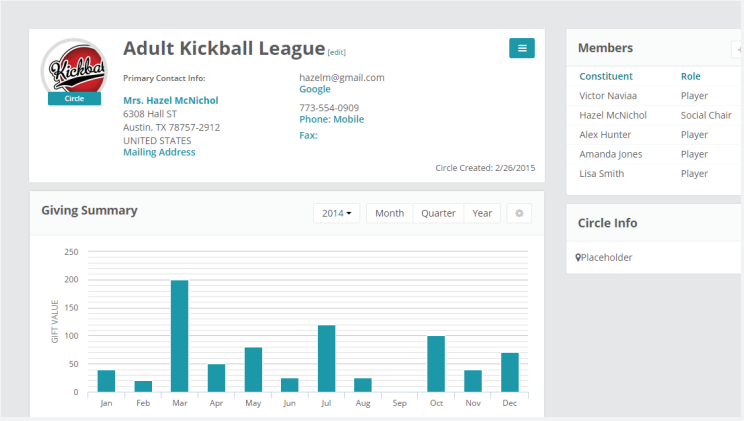
With each donor's engagement score, giving summary, giving history, and relationships prominently displayed, you get a vivid, multi-dimensional picture of each and every donor in your database. The ability to track giving preferences and activity, and spotlight trends in timing and frequency ensure your communications are relevant and your appeals are timely and meaningful – all of which help maximum giving.

Net@Work abila

CAMPAIGN VIEW

Get at-a-glance views of campaigns, and easily customize subcampaigns. This feature also serves as a powerful reporting tool. Quickly surface key data points from the built-in business intelligence and generate meaningful summaries without having to rely on multiple spreadsheets or time-consuming analysis.





CIRCLES

The Circles' feature gives you visibility into a donor's relationships and communities. You can also create your own circles to group donors in meaningful ways. This functionality enables you to easily segment your database for more relevant, targeted communication and appeals.

ADMINISTRATION

Elevate administrators get single-click access to a plethora of customization options, enabling them to quickly and easily manage constituent setup, gift processing, accounting and payment settings, and more.
