

Infor CRM

More effective interactions lead to more revenue-generating transactions

Your customer relationships are essential to your success. Infor® CRM is an award-winning CRM solution that delivers a complete view of customer interactions across your sales, marketing, customer service, and support teams, so they can collaborate effectively and respond promptly and knowledgeably to sales opportunities and customer inquiries—both in the office and in the field.

Rich customer profiles and sales productivity tools in Infor CRM help users identify opportunities and streamline sales activities, while sales management tools, analytics, and proactive alerts drive accurate forecasting, informed decision making, and effective team and territory management. Best-practice process automation in Infor CRM accelerates your strategic advantage by recommending and performing winning actions that drive results.

Integrated marketing and customer service ensures calibration across teams in the business of acquiring new customers and delivering an exceptional customer experience.

Empower your mobile workforce

Infor CRM Mobile extends rich CRM functionality to smartphones and tablets, giving your mobile workforce a strong competitive advantage that helps drive productivity and increase revenue. Customizable, secure, and easy to use, Infor CRM Mobile features an attractive, task-oriented user interface designed to put the most relevant customer information at users' fingertips and enable them to perform key actions quickly—online and offline.

Designed to deliver cost-effective, purpose-built solutions for the mobile world, Infor CRM is available in the cloud, on-premise, and via mobile.

Interaction with native device features such as mapping, dialing, and email further streamlines the mobile user experience. Infor CRM Mobile updates automatically over-the-air and is included at no additional charge for Infor CRM users. A mobile-only Infor CRM license option is also available at a reduced cost.

Make informed business decisions and shape strategic priorities based on actionable insights

Analyze data and assess key performance indicators from across your organization to gain a deeper understanding of business and team performance and make strategic decisions that positively impact your bottom line. Infor CRM offers a portfolio of reporting and analytics tools to meet user and company requirements at all levels of sophistication. From basic lookup, group, and reporting capabilities, to interactive dashboards, timeline visualizations, and custom reports, Infor CRM delivers powerful solutions to increase individual effectiveness and maximize organizational and customer intelligence.

Bring your CRM data to life and maximize your investment with Infor CRM Advanced Analytics, a powerful, yet easy to learn and use interactive analytics solution that includes pre-built, integrated dashboards that span all CRM functions and can include CRM-related data from external sources. With Infor CRM Advanced Analytics, users at every level of your organization can easily assess productivity, analyze trends, and identify the drivers of and barriers to success—empowering them with the insights needed to focus attention and resources on the most profitable business activities.
