

Who is Skynamo for?

Skynamo is the complete sales solution for companies with teams of sale reps in the field, selling products to an existing customer base. The perfect solution to streamline the day to day process of both sales reps and sales managers, Skynamo is an app that can benefit everyone involved.

Sales Reps

Skynamo's automation and GPS technology features rid sales reps of the admin that can slow down their day, allowing for more time to get to the stuff that really matters, selling! Skynamo gives reps a strong arsenal of data and statistics that could prove clinical in securing a big sale.

Sales Managers

Skynamo gives sales managers and business owners a real-time or historic view of all field sales activity. This allows you to be in control of what is happening in the present and take a deeper look into the results you have achieved in the past. Move from micro-managing to coaching your sales team and watch sales soar!

Why Skynamo?

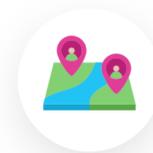

Mobile first

Unlike applications that simply offer mobile access to their software, Skynamo has been developed specifically as an app for mobile devices, which means a superior experience for mobile users and access to all functionality - even offline.

Cloud-based

No major hardware, infrastructure or technology expertise or investment required. Get set up and going in minimal time.

GPS tracking

Automatically track sales activity to cut down on administrative tasks for sales reps, increase transparency, and compile valuable insights that enable smarter sales decisions.

"A good sales mobility system is one that allows management to keep track of what is happening in the field whilst helping field staff to enhance relationships with their customers and to minimise the time wasted on tedious administration."

John Manolakis
Managing Director, Studex

TRIANGLE LUBRICANTS

"Skynamo's been a great help in building brand loyalty. We've reduced reps' time in the office from an average of three hours a day to the amount of time it takes them to pick up and return their company vehicle. As a result, we've been able to more than double the number of customer visits we make."

Christoff Sonnekus
Sales Manager, Triangle Lubricants
