APSPAYS Vault

The APSPAYS Vault is fully integrated within the Sage X3 software, allowing you to store customer payment credentials for future use. APSPAYS Vault is a PCI-DSS compliant gateway with many reporting tools for reconciliation. Use our tokenized protection and data encryption to further enhance your security.

The screenshot shows the APS Payments dashboard. On the left is a sidebar menu with options: CREDIT CARDS, RECURRING, CUSTOMER VAULT, INVOICES, SOFTWARE, and OTHER SERVICES. The main area displays the 'Transaction Report' for the period 01/01/2019 12:00 AM To 01/04/2019 11:59 PM. It includes a table with columns: Type, Status, ID, and Amount.

Type	Status	ID	Amount
Card Sale	Approved	4455865290 PMT-001402	20.00
Card Sale	Approved	4456059634 1234 4456611876	90.00

Level 3 Rates

Level 3 processing allows you to receive discounted rates on Visa and MasterCard B2B transactions. The average small to mid-sized business saves \$18,000 per year by providing the comprehensive level 3 data requirements. The APS Payments Sage X3 integration will automatically send the required data for you to ensure quick payments at lower costs.

ClickToPay for Sage X3

APS ClickToPay is a simple and secure way to have invoices paid directly from Sage X3 to your customers. You simply send a copy of the invoice via email, your customer opens the email, and selects which payment method they would like to use. ClickToPay allows your customer to create a profile and save their card or bank account information on file for future payments.

Our exclusive ClickToPay Direct product is the latest advancement in Bank-to-Bank transfers. Reduce chargeback replies to 72 hours for B2B transactions while allowing your customers to easily make secure transfers directly in Sage X3.
