

PAYMENTS MADE SIMPLE.

A complete payment solution
for merchants and partners.

At FortisPay, we believe that payments should be clear and simple. Through a combination of **powerful technology** with our unique **white-glove service**, we provide merchants and partners with the **best experience** while incorporating the ability to accept payments.

FOR MERCHANTS

We connect businesses of all types and sizes with the right tools to accept digital payments, while also providing them with full support **every step of the way**. From **debit and credit cards to contactless, mobile, and ACH deposits**, FortisPay offers multiple ways to securely accept payments.

ACCEPTANCE MADE EASY

- ✕ Accept all major digital payments, including credit cards and ACH deposits
- ✕ Get paid anywhere, any way: in-person, online, over the phone, or on the go
- ✕ Send online invoices and take payments using a virtual terminal

QUICK SETUP AND ACTIVATION

- ✕ Quick merchant account setup with multiple options for terminals and POSs.
- ✕ Experience seamless onboarding and receive full support from our team
- ✕ Enjoy affordable pricing options, low rates, and no hidden fees

VISA

STRENGTH IN PAYMENTS

FOR PARTNERS

We help partners maximize profit and expand their offerings, no matter what software they provide. Through a **seamless integration** with our **complete platform**, your users will enjoy the ability to accept digital payments while having out-of-the-box capabilities to **attract and retain customers**.

SUPERCARGE YOUR SOFTWARE

- ✕ Partner with a team of payment technology experts
- ✕ Monetize your platform by creating a new stream of revenue
- ✕ Take advantage of our exclusive partnership and cash injection program

SEAMLESS INTEGRATION

- ✕ Give your users the ability to easily accept payments
- ✕ Enjoy developer-friendly API and customized support
- ✕ Maximize success with our full sales and marketing assistance

OUR TECHNOLOGY

FortisPay's proprietary technology, **Zeamster**, pushes the limits of payment processing. It not only allows merchants and partners to ensure payments remain safe, but also enables a full set of collection and business management capabilities. **Our gateway is also available as a standalone solution.**

ENHANCED SECURITY

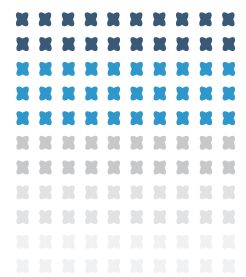

- ✕ Experience unparalleled protection with PCI Compliant encryption
- ✕ Reduce fraud risk with Chip-and-PIN (EMV) technology and special chargeback management tools
- ✕ Protect payment data through tokenization and card vault

POWERFUL FEATURES

- ✕ Add online invoicing capabilities and use our mobile app to increase collections
- ✕ Receive detailed reports and alerts for easy reconciliation and financial management
- ✕ Enjoy enhanced automated billing options: one time or recurring

THE FORTISPAY DIFFERENCE

Our ability to unite a convenient, efficient payment technology with a knowledgeable and compassionate team, as well as our unique capabilities, is what sets us apart in the payment industry.

WHITE-GLOVE SERVICE

- Nothing makes us prouder than our ability to grow and still serve our merchants and partners in a close and personal way
- Our experienced in-house support team is always happy to help you get the best experience through the phone, online chat, and email

INDUSTRY KNOWLEDGE

- 10+ years as a payment solution provider
- 65 team members and 8,000+ merchants
- 200+ agents and 120+ integrated partners

CHARGEBACK HEROES

- Our specialists will provide you full support to help manage and fight chargebacks
- Benefit from our knowledge base and training to avoid disputes and prevent fraud
- Gain access to multiple tools to mitigate revenue loss caused by chargebacks

FortisPay boasts great knowledge of all types of industries and has become a recognized **hospitality and healthcare expert** due to the extensive number of merchants served within these segments for many years.

We also provide extended solutions to complement payment processing. From **Gift Cards, Business Funding, Cash Advance and Cash Discount**, our goal is to help your business grow in all possible ways.

Whether you're a merchant looking to accept payments or a partner that wants to enhance your platform's capabilities, we can help.
